Technical Information: Anti-tamper cases

Suitable applications

Commercial & Industrial buildings
Schools, colleges, public buildings
Hotels, hospitals, nursing homes
Ferries & off shore vessels
Buses & coaches

Supplied with or without alarm

Features

LIFEAXE anti-tamper cases offer the following features:

- Manufactured from super tough polycarbonate
- Tested to extremes of heat and cold
- Supplied with frangible lock (breaks when cover is opened)
- Break seal option for added security
- Available with or without integral alarm (powered by 9V PP3 battery)
- Alarm emits a piercing 95/97 dB sound
- Case gives added protection against physical damage, dust and grime etc
- Ideal for factories, workshops, schools, colleges, hospitals, nursing homes, hotels and public buildings of almost every kind where there is a history of misuse
- Fast and easy installation
- Can be retrofitted over existing LIFEAXE products
